Dear Jim,

We would like to request to be placed upon the Historic Districts Commission Agenda for the next regularly scheduled meeting to amend the previously approved Certificate of Appropriateness noted in your letter dated December 14, 2012.

We had previously requested that the existing freestanding three car garage be restored for use. We would like to now request permission to remove the garage completely and leave the space vacant. Please see attached plan.

We hope that this matter can be addressed by your board at their next meeting and more that they look favorably upon our request since we believe the garage is not adding to the historic site and is not of historic significance.

If you have any additional questions or concerns please feel free to contact me.

Sincerely,
MOISEEV/GORDON ASSOCIATES, INC.
