Rochester Hills, MI 48309

Dear Sir or Madam:

I have received the notice from the planning commission to allow an in home day care to be allowed in the 3508 Summit Ridge address in Rochester Hills. I am a neighbour residing across the street and am opposed to the request. I have purchased this home off a business/main street so I would not have consistent traffic on my residence street. Providing a safe environment for my family.

Allowing up to 12 additional cars several times a day in and out of this one residence to drop off and pick up children different times during the day is a complete disrespect (and danger) for others in this residential community. I was shocked to find this allowable and would hope this request is not taken lightly.

Sincerely,

A handwritten signature in cursive script that reads "Christine Kapitula".

Christine Kapitula
