WHAT IS YOUR OPINION REGARDING THE 2009 DEER MANAGEMENT POLICY?
Non-lethal, effective programs need to be implemented in order to reduce deer-vehicle accidents from the 2008 figure of 148. These non-lethal methods have been proven to be 75-90% effective.

WHAT SOLUTIONS/SUGGESTIONS DO YOU HAVE TO OFFER FOR THE 2010 DEER MANAGEMENT POLICY?
Strieter-Lite reflectors, reduce speed limit signs with flashing radar between dusk + dawn in the most common deer crossing areas of the city. Cut back the foliage along the roadside. Proper, visible deer crossing signs. Installing fencing where necessary. Installing plant materials which deer are not attracted to. Educating the public + enforcing the following of speed limits.
