

# The .08 Benefit

## August 8, 2008

**Whereas**, there is a need to educate our community regarding the dangers of alcohol consumption and driving as most people are unaware of how alcohol consumption impacts their personal Blood Alcohol Content; and

**Whereas**, the Blood Alcohol Content (BAC) legal limit is .08; and

**Whereas**, the .08 Benefit will be an educational opportunity to learn the effects of alcohol by matching “feel with reality”; and

**Whereas**, the Oakland County Sheriff’s Office will be present with Preliminary Breath Test (PBT) equipment; and

**Whereas**, tickets for this event are readily available and will provide a fun and educational opportunity;

***Now, Therefore, Be It Resolved***, that the City of Rochester Hills supports community education and prevention of drunk driving, and has been active in support of the .08 Benefit. Accordingly, everyone is encouraged to attend the .08 Benefit which will take place at Pine Trace Golf Club on 08-08-08 from 5:30 p. m. to 10:00 p.m.
