project M-59 Noise Barrier Technical Review Committee

page

Number of Homes (First Floor) within 500 feet.

Use the maps prepared by Doug Walther and counting the blue and red dots. Judgments made for partial lots - more than 50% needed within the 500' line (of the home).

NB-1 = 23 units

NB-2 = 0 units

NB-3 = 36 units

Assume 4 two-story units per apartment building

NB-4 = 25 units

NB-5 = 34 units

NB-6A = 41 units

NB-8 = 112 units

214 units total in 25 Bldgs. ; 7 bldgs have 10 units each and 18 bldgs have 8 units. Count 4 big and 9 small
 $(4 \times 10) + (9 \times 8) = 112$ units

NB-9 = 12 units

NB-10 = 45 units

NB-11 = 19 units

NB-12 = 0 units

NB-13 = 34 units

Chateau Avon = 108 units
