SUBJECT: Charitable Gaming License Policy

As part of the State of Michigan's application process for a Charitable Gaming License, local civic organizations are required to obtain a resolution from their City Council stating that the City recognizes their organization as being nonprofit and operating in the community. The number of such requests has increased over the last two years, as indicated below. As such, I felt it would be a good idea to have a policy in place to help guide and assist the City Council in making informed, thoughtful and consistent determinations concerning such requests. I have been working with City Attorney John Staran to create this policy and a draft has been included for Council's consideration and review.

The following are Council approvals of non-profit designations related to Charitable Gaming Licenses:
