WHAT IS YOUR OPINION REGARDING THE 2009 DEER MANAGEMENT POLICY?  
I think the City of Rochester Hills and surrounding communities have an issue that can not be ignored. The land needs to be limited / managed for the space available. Motorist and residents face risks. The deer need humane treatment and their health (herd) protected.

WHAT SOLUTIONS/SUGGESTIONS DO YOU HAVE TO OFFER FOR THE 2010 DEER MANAGEMENT POLICY?  
1. Set Measurable Goals & Objectives for land size & location based on sound wild life management & safety.  
2. Reconsider Bow hunting by the public in large tracts of woodlands  
\*3. Pay to Save a Deer Pay to harvest a deer - Gives options to  
4. Investigate ways to reduce collisions - Signs, reflect both sides of issue.  
\* Money to City to cover costs & training etc.
