Re: Winkler Mill Pond Historic District Study Committee Report

As outlined in Mrs. Kristine Kidorf's Staff Report, the Rochester Hills City Council has directed the Historic Districts Study Committee to review the Winkler Mill Pond Historic District Re-Survey and provide a recommendation as to whether the boundaries of the existing District should be amended to generally remove those properties that have been deemed as non-contributing. The Historic District Study Committee accepted the proposed Winkler Mill Pond Historic District Re-Survey draft at their June 2023 meeting and directed that the Draft Study Committee Report be prepared for review. The purpose of tonight's meeting is to review the currently drafted Study Committee Report and either provide additions and/or revisions to the proposed draft or adopt the proposed draft and direct that the Study Committee Report be circulated to the Planning Commission and State Historic Preservation Office. The next step would be to conduct a public hearing. The public hearing will need to be held no less than 60 days after the adoption of the Draft Study Committee Report.
