Jennifer,

Thanks for your time on the phone this morning.

As we discussed, we met with our board of directors on the weekend and would like to make the following adjustment to our application.

We would like to proceed with an occupancy of 42, utilizing our own parking spaces. If there is a change of ownership with the church property to the east, this may cause future complications with a parking agreement. The property will provide adequate parking for current and future needs, as we seek to keep our small community gatherings to around 40.

Please let me know if you have any questions or need further clarification.

Thank you!
