10/10/23 20:52:54	Brooke Taylor	Bjt0404@gmail.com	I have concerns about this location for a dance studio. This is a small area with limited parking that is already heavily congested due to a popular longtime gymnastics training center and a newer baseball training facility. Adding a dance studio will further complicate the parking situation. In addition, there are several other dance studios in close proximity to this location so it does not seem necessary to add another dance studio here.
10/11/23 10:54 am	Melissa	mbahleda@att.net	I have concerns about the proposed dance studio going in on Northfield Dr. The parking lot is already busy and full every night due to the gymnastics center, baseball facility and work out gym. Adding a dance studio will create more congestion to and already packed parking lot between the hours of 4:30-8:30. There are also several other dance studios within a few miles of the proposed location making it un-necessary to add another. Adding a dance studio or any kind of after school activity/sports center would not be ideal.
