Legislative File No: 2020-0102

**TO:** Mayor and City Council Members  
**FROM:** Allan E. Schneck, P.E., Director of Public Services  
**DATE:** March 30, 2020  
**SUBJECT:** Trailer Mounted Mobile Generator

---

**REQUEST:**

City Council is requested to authorize the purchase of a trailer mounted mobile generator from Wolverine Power Systems dba GMT Power, Inc., Zeeland, MI in the amount of \$101,997.00.

**REASON FOR PURCHASE:**

The City issued a Request for Proposals for the purchase of a trailer mounted mobile generator utilizing the MITN system. The solicitation was distributed to over one hundred (100) potential vendors. Three (3) proposal responses were received. All proposals received were found to be responsive and responsible. A Department of Public Services evaluation committee consisting of staff from Fleet and Water & Sewer evaluated the responses received. Based on the committee review, award is recommended to Wolverine Power Systems dba GMT Power, Inc. as best value. The Generac machine proposed met or exceeded specifications and was also the lowest cost.

This new generator will replace 2 older mobile units: 39-501, a 1980 model year Onan/Cummins 175kw unit, and 39-502, a 1979 model year Detroit Diesel 175kw unit. These generators are primarily used for stand-by power for the City's lift stations sewage pumps, and for stand-by power for the City's water distribution system stations booster pumps. Recent upgrades to some of these sewer and booster pump stations have included permanent stand-by generators, so only one stand-by mobile generator is now required. This new generator also has the capability to be utilized as stand-by power for some other city facilities.
