Rochester Hills, MI 48309  
Attn: Russell George

Re: City of Rochester Hills – Sheldon Rd. and Clear Creek

Based on your request, I have attached a cost estimate for the proposed street light installation. I am recommending the installation of one (1) 30 foot silver fiberglass direct bury post with one (1) 136 watt LED roadway light with grey housing. We will install the post on the western side of Sheldon Rd. as requested. Intent is to light up the crosswalk.

**Underground (UG) – DTE Owned and Maintained Street Light on direct bury fiberglass post**

1 – Underground fed 136 watt LED streetlight

Below please find the estimate breakdown for this project. The costs are based on the Option 1 Municipal Street Light rate - DTE Energy owned and maintained. The rate requires the customer pay a portion of the construction cost. The following information outlines the street lighting installation.

Estimate Breakdown

|  |                   |
|--|-------------------|
| Project Cost   | \$4,114.18        |
| Annual Operating Costs                               | \$330.48          |
| 3 Year Revenue Credit                                | (\$991.44)        |
| <b>Contribution from the City of Rochester Hills</b> | <b>\$3,122.74</b> |

Please feel free to contact me if you have any questions at 734-347-1189.

Sincerely,
