RE: Mr. Sandberg's Proposals

Mr. Mark Sandberg has requested the opportunity to present several proposals he is required to design/write for a college assignment. This assignment involves creating projects that will enhance his hometown community, and he has come up with three ideas that he feels could benefit Rochester Hills and make it attractive as a destination.

Mr. Sandberg would like input from the Planning Commission or suggestions for other projects and to discuss visions for the community. As his letter mentions, he would like the Commission to act as an advisory board to help critique his plans and to make recommendations. We met with Mr. Sandberg this week and I gave him the background on the Old Towne area and suggested it as a project consideration.

Your guidance and experience will be very valuable to this fine young man. Thank you in advance for your assistance with this endeavor.
