

M-59 Widening Project Crooks Road to Dequindre Road

Michigan Department of
Transportation Construction Contract

- MDOT will be widening M-59 from 2-lanes to 3-lanes between Crooks Road and the City limit at Dequindre Road.
- A portion of the water main crossing M-59 within the MDOT ROW will be replaced per the City's request.
- The construction portion of the project cost for the road widening, excluding the water main upgrade, shall be made through the Economic Stimulus Program.
- The City's obligation is mandatory pursuant to Public Act 51.
- The City will be 100% responsible for the cost of the upgrade to the water main which is estimated to be \$32,100.
- The design of the project does not qualify for funding from the Economic Stimulus Program.
- MDOT will contribute 87.5% (\$3,161,500) and the City will contribute 12.5% (\$451,600) of the estimated design costs.
- The City's share of the design costs and the water main upgrade are estimated to be \$485,900.
