Rochester Hills Committee application form.

My grandson just accepted employment with the US Department of State in DC as one of the climate change negotiators for the US at the UN and other global meetings and events. We share an interest in public service that benefits the common good and protects our environment. I have a 39-year career in public service that speaks to my interest and dedication to helping people, and I am fully aware of the responsibility involved in working for and with the public in public funds. I offer an open mind, good listening skills, and a sincere desire to work with my City to protect the nature that we all love and cherish.

I was a prominent leader in the planning, coordination and delivery of the Oakland County job training programs. I networked with and established working relationships with Chambers, non-profits, other county Michigan Works Agencies in SE Michigan, and the Oakland County Onestops. In addition to handling special project for the late L. Brooks Patterson and other County departments at the Workforce Development Director's request, I was a department liaison to the state's workforce development agency. I also served on Gov. Granholm's task force to deliver outplacement services to dislocated workers during the 2008 Great Recession. As Director of the Troy Michigan Works One-stop, I was subsequently awarded the contract to deliver career services to all of Chrysler's dislocated workers from their World Headquarter in Auburn Hills.
