

CoNSTRUct (Charter Non-Structural Technical Review Committee)

SUGGESTION

PRO'S

CON'S

Universal CON to all issues is cost of election, attorney time, staff time, etc.

CHAPTER IX - ELECTIONS

9.2 Section 9.9 - Should we consider moving the City's Primary Election to August of odd years so that major elections are always in August and November? If we determine this is feasible, we would have to address the filing deadlines in 9.8.

Consistency to State

9.3 Eliminate City Primary Elections

Save \$45 - 50k per election. Highest turnout was 19.8%, lowest was 10.8%. Auburn Hills, Berkley, Birmingham, Farmington Hills, Royal Oak, Troy, Farmington all do not have one to save \$\$\$.

Novi, Southfield and Rochester have City primaries.
