**Legislative File No: 2014-0463**

**TO:** Mayor and City Council Members  
**FROM:** Allan E. Schneck, P.E., Department of Public Services Director  
**DATE:** November 10, 2014  
**SUBJECT:** Purchase Authorization to Road Commission for Oakland County for limestone on Washington Road and Dutton Road

**REQUEST:**

The Department of Public Services recommends that City Council approves the payment to the Road Commission for Oakland County for road maintenance along Washington Road and Dutton Road and authorizes the expenditure of the City's share of \$56,076.77.

**REASON FOR PURCHASE:**

During the FY 2014 budget discussions, City Council requested that an additional \$100,000.00 be added to the Major Road Preservation budget for Gravel Road Maintenance Improvements. The discussions related to making improvements to the current condition of Washington Road and Dutton Roads.

In 2011, the City entered into a cost share agreement with RCOC to apply limestone aggregate on Washington Road. Since limestone material provides a more durable road surface defense from heavy rains, the condition of the road has improved. Based on the positive results of applying limestone on Washington Road, the City of Rochester Hills asked (RCOC) to install limestone aggregate on Washington and Dutton Roads instead of the normally applied road gravel, as part of their 2014 Limestone Program.

A limestone aggregate application of 2,000 ton per mile was placed and graded, followed with a chloride treatment. The work was done in August 2014 after the RCOC Board approved the contract and the material was purchased.
