**INTERESTS/REASONS/QUALIFICATIONS**

As part of the community, I believe in implementing proven, long term solutions that are not extreme.

**WHAT IS YOUR OPINION REGARDING THE 2009 DEER MANAGEMENT POLICY?**

It was a rushed decision, arbitrarily taken, not based on facts and research.

**WHAT SOLUTIONS/SUGGESTIONS DO YOU HAVE TO OFFER FOR THE 2010 DEER MANAGEMENT POLICY?**

Gradual approach, giving each step a chance to prove its effectiveness. This should include education, improved awareness in the the high accident areas and deterring wildlife from entering these areas. Fund raising should be a part of a plan resulting in permanent solutions. Sterilization of the male deer should be evaluated as it could have a great impact on the size of the herd. Additionally, I believe cooperation with OU University could help.

**PERTINENT EDUCATION**

Associate in Applied Science degree.
