Approved Site Plan

Proposed Outside Facade

Selection of Rochester Hills

- Successful site for our existing operations since 2007.
- Positive business environment and strong markets for growth.
- Location of new land at the Hamlin Rd. is excellent fit for future expansion.
- Access to high quality and talented technical work force.
- Many of our employees reside in the immediate community.
- Strong support from local and State governments.
- Previous tax holidays (Renaissance Zone) have contributed significantly to the decision to re-invest into Rochester Hills
