RE: Final Reports

As you recall, the Final Reports for 2040 S. Livernois Road and Stiles School were submitted to City Council within the required year timeframe from the public hearing date. No action was requested of Council at that time due to scheduling conflicts. Final action was deferred to a future meeting when members of the Study Committee can be present.

Upcoming City Council dates are March 21, April 4 and April 11, but it is up to the Council President what meeting this action will be scheduled for. We need to determine which date works the best for the Study Committee and who is available to be at the meeting to present the final recommendation of the Study Committee.

Derek's memo is also attached to this file for your reference.
