RE: Green Space Stewardship

In advance of the Green Space Stewardship presentation scheduled for the May 4 City Council meeting, I have requested John Staran provide his opinion on the definition and legal description of stewardship.

In working with Jerry Carvey and the initial Green Space presentation, I requested this information to help clarify and place some legal borders on a potentially difficult topic to define. The initial reactions to the opinion have been very positive, and I look forward to the presentation and discussions on May 4.

I am forwarding the opinion for your review in advance of the meeting, and I am sending the information on to the Green Space Board members as well.
