Thank you for submitting your Property Nomination Form for parcel # \_\_\_\_\_ located at \_\_\_\_\_. The Green Space Advisory Board has made a field visit and applied the Green Space/Natural Features Criteria to further evaluate this parcel. We have determined that all the parcels nominated meet the criteria and should be forwarded to City Council for further evaluation.

The Green Space Millage provides very limited funds and there are a number of parcels to consider. The next step would be to gain an insight into (1) the conveyance method preference; (2) the length of time that would be available to complete the transfer; and (3) the price you would ask. The parcel listed above currently has a 2006 State Equalized Value of \_\_\_\_\_ according to the Rochester Hills Assessing Department. The timing of a conveyed parcel is important as the city will be seeking land acquisition grants, and we hope you will work with the city in an effort to obtain grant funding for your parcel.

Once we have your response, we will re-evaluate your nomination. Properties must be reasonably priced for further consideration. Should we decide to proceed, a state licensed, certified appraiser will be selected to provide the city with an appraisal of the listed property.
