THIS INFORMATION WILL BE KEPT ON FILE IN THE CLERK'S OFFICE AND IS NOT CONFIDENTIAL. THE MAYOR, CITY COUNCIL AND OTHER APPROPRIATE PERSONNEL REVIEW QUESTIONNAIRES AS VACANCIES OR OPENINGS OCCUR ON THE VARIOUS BOARDS AND COMMISSIONS.

November 8, 2005

To Rochester Hills Council:

On September 26, 2005, I submitted my candidate questionnaire to serve on the Green Space Advisory Board. I am volunteering to serve on this Board, because I strongly believe in the key principals of preservation of open and green spaces within our community. I moved to Rochester Hills almost ten years ago because it is a community that values quality of life. In my opinion one of the more important aspects of quality of life is open space and park land. Rochester Hills has many great parks and other natural beauties such as the Clinton River and the many trails which pass through our area. I have been a proponent of conservation of nature ever since I was a youngster. As I matured and through my involvement with the Boy Scouts and later as a Scout Leader and Eagle Scout, my love of nature and green space increased. Today I feel I want to use my experience and enthusiasm to give something back to our community.

My wife Martha and I have had the opportunity to live in may different parts of the country, and I have traveled extensivity internationally. We have seen first-hand how well-managed open space can truly enhance local communities. Good management of open space does not come by accident but happens through strategic planning and with input from experienced stewards with vision and dedication. I believe I am such a person. If appointed to serve on this Board, I would bring my professional experience in strategic planning, business and finance, love of nature, and my ability to work constructively with others to help ensure Rochester Hills maximizes the benefits from the opportunity to increase available green space.

Earlier in my career, I was an elected commissioner to the West Bloomfield Parks Commission. During that period, West Bloomfield was developing a master plan for parks and open space. I had an opportunity to work and see first-hand many aspects of the processes necessary to preserve valuable land and build for the future. I have been an outspoken advocated in Rochester Hills for protecting and maintaining our parks. I am not afraid to spend the time and energy needed to work on community projects. Recently I have served an active role in the Residential Streets Ad-Hoc Committee, dedicating time and effort to a much-needed cause to help improve our city. I have the interpersonal skills to work productively with others and the experience to understand complex tasks.

In short, I have the will, personal drive, dedication, and desire to help our community remain one of the best places to live and raise a family. I want to use my energy and passion to help the City and Council manage the opportunity provided by the voters and to be part of building a better and greener future for our children.

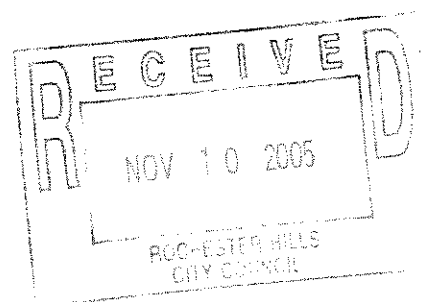

I look forward to your serious consideration for appointment to the Green Space Advisory Board.

Sincerely,

William J. Windscheif

## BIOGRAPHY

**William J. Windscheif**

**Director Automotive Business  
Unit, Huntsman LLC**

William J. Windscheif is Director of the Automotive Business Unit for Huntsman LLC, a large multinational chemical and plastics producer. He is responsible for profit and loss and strategic commercial activities including sales/marketing and new product development for the automotive market. Before joining Huntsman in 2002, he was Global Business Vice President for Basell's Advanced Polyolefins. He was responsible for key account management for the global automotive industry. Prior to the formation of Basell, he served as Automotive Innovation Leader for the North American automotive market

and before that as Director of the North American Automotive Business Group and Leader of Montell's Global Automotive Steering Team.

In his global role with Basell, Windscheif was responsible for sales, the development of new market segment opportunities and tracking of future automotive trends related to Basell's customers' needs. In addition to his current responsibilities, Windscheif is Chairman Emeritus of the American Plastics Council, Automotive Business Unit, and is a member of Oakland University Plastics Advisory Board.

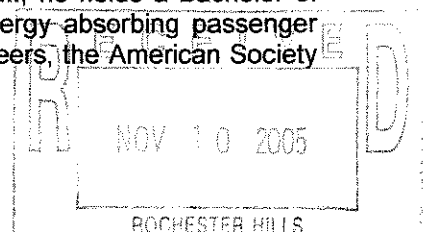

Prior to joining Montell in 1994, Windscheif held a variety of management positions in the chemical and automotive industries over a 25-year period. From 1988 to 1994, he was Director of Business Development for Vista Performance Polymers at Vista Chemical Co., Houston, TX, where he managed all new product programs, research and development, product design, introductions and marketing.

Windscheif was President and Chief Executive at Polymeric Processes, Inc., Tecumseh, MI, from 1985-1988. A custom thermoplastic injection molder, Polymeric Processes served the automotive and related industries producing polycarbonate and acrylic lenses.

From 1976-1985, he held sales and marketing management positions for the Gulf Oil Chemical Co.'s Plastics Division and Spiral Engineered Systems Division, in Detroit, MI, and Norcross, GA, respectively. At Gulf Windscheif helped establish an automotive office for Gulf's entry into the polypropylene markets. Prior to his tenure at Gulf, he held a variety of marketing and sales positions for General Electric Plastics in Southfield, MI. From 1970 to 1976, he was responsible for marketing GE Plastics resins during the plastics industry's major thrust into the automotive market.

Before joining GE, Windscheif was a research and project engineer for General Motors' Fisher Body Division in Warren, MI, from 1968-1970.

A graduate of General Motors Institute (Kettering University) in Flint, MI, he holds a Bachelor of Science degree in mechanical engineering. He holds patents for energy absorbing passenger restraint systems. He is a member of the Society of Automotive Engineers, the American Society of Body Engineers, and the Society of Plastics Engineers.
