Location(s) of Concern

Norcross & Wentworth

What specific concerns have you identified with the above location?

Several drivers (mostly younger) have been traveling thru the intersection without slowing down rarely checking to yield per the existing sign. It is also a high pedestrian crossing location although no pedestrian incidents have been noted. a seperate intersection (Hillsborough & Norcross) had a similar issue that was resolved by the replacement of the yield sign with a stop sign.

Please identify the specific days and/or time periods that the traffic problem takes place.

(FOR EXAMPLE: WEEKDAYS FROM 4:00 P.M. TO 6:00 P.M.)

Afternoons and weekends

What solutions do you feel would address your concerns? (Check one or more)
