Chris McLeod, Planning Manager, shared that the request before Council is for a Conditional Use Approval for a drive-through at Huntington Bank. He added that the bank will occupy the former Burger King Restaurant site located at 2975 Walton. He noted that the Planning Commission recommended approval at its October 18, 2022 meeting. He discussed the building renderings and stated that the 2,500 square foot building will be constructed of brick and the site will be fully enhanced with landscaping. He stated that the Applicant requested two modifications to the site; the screening along the south property line and the total number of parking spaces, and added that both modification requests were granted by the Planning Commission.

Laura Trentler, representing Huntington Bank, shared that they have been working with the Planning Department Staff since June 2021. She added that the existing site has been vacant for a while and stated that the site is mostly comprised of pavement, unmaintained landscaping and a detention basin area. She shared that Huntington Bank had proposed to make significant changes to the landscaping.

She stated that the drive-through is approximately 130 feet from the property line and included is 80 feet of green buffer to separate the property from the Meadowbrook community. She added that Huntington Bank proposed to install a metal fence on the outer side of the green buffer.

Vice President Bowyer thanked Ms. Trentler for bringing a beautiful building to the City and added that the green buffer is a great addition to the site.

A motion was made by Bowyer, seconded by Blair, that this matter be Adopted by Resolution. The motion carried by the following vote:

Aye 7 - Blair, Bowyer, Deel, Hetrick, Morlan, Mungioli and Walker

Enactment No: RES0289-2022

Resolved, that the Rochester Hills City Council hereby approves the Conditional Use to allow a drive-through at a proposed bank on site at 2975 Walton Blvd., east of Adams Rd., zoned B-2 General Business District with an FB Flex Business Overlay, based on plans dated received by the Planning Department on August 22, 2022, with the following findings:

Findings

1. The use will promote the intent and purpose of the Zoning Ordinance.
2. The building has been designed and is proposed to be operated, maintained, and managed so as to be compatible, harmonious, and appropriate in appearance with the existing and planned character of the general vicinity, adjacent uses of land, and the capacity of public services and facilities affected by the use.
3. The proposal will have a positive impact on the community as a whole and the surrounding area by further offering jobs and another financial institution.
4. The proposed development is served adequately by essential public facilities and services, such as highways, streets, police and fire protection, water and sewer, drainage ways, and refuse disposal.
5. The proposed development will not be detrimental, hazardous, or disturbing to existing or future neighboring land uses, persons, property, or the public welfare.
6. The proposal will not create additional requirements at public cost for public facilities and services that will be detrimental to the economic welfare of the community.
7. The site has traditionally been utilized as a drive through fast food restaurant and the proposed drive through bank will be less impactful.

Conditions

1. If, in the determination of City staff, the intensity of the drive-through changes or

increases, in terms of traffic, queuing, noise, hours, lighting, odor, or other aspects that may cause adverse off-site impact, City staff may require and order the conditional use approval to be remanded to the Planning Commission and City Council as necessary for re-examination of the conditional use approval and conditions for possible revocation, modification or supplementation.
