Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

Two-story side gambrel house with clapboard siding and shingle siding in the gambrel ends. The roof is clad in asphalt shingles. There are large window openings with dark colored aluminum windows and wide trim.

Side gable two-car garage with board and batten siding on the sides and T-1-111 siding on the ends and a brick chimney at the front/east end of the building. The garage is located at the northeast part of the property.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

House was originally the barn for 1740 Washington Road. Converted to a house in 1979, cedar deck added c. 1993. The house appears to have been further altered since the 2002 survey.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

The property is not eligible for the National Register, nor does it contribute to the Winkler Mill Pond Historic District. This is primarily due to the alterations of the former barn to convert it to a house, which includes numerous window openings.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

Two story house with attached garage. Generally a rectangular footprint and complex gable roofs. Stone clad foundation, cementitious clapboard and shingle siding.

Side gable two-story garage/house – was possibly a former barn. Concrete block and vertical wood siding. Balcony on west side, barn doors on north side.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

The previous non-contributing house on the property was demolished and a new house constructed with the permission/review of the HDC in 2019-2020.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District. Constructed outside of the period of significance.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

One-story gable roof ranch house with irregular footprint and vertical plank siding. Front porch has stone veneer. Attached two-car garage on the east end.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

The 2002 survey identified a small house at the rear of the property which was not visible in 2020.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was constructed outside of the period of significance for the district.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

Two-story side gable house of irregular plan sited low on the lot at the end of a long driveway. One-and-a-half story gable roof front entrance with arched window. The three-car garage on the west side has three dormer windows and is attached with a one-story connector. Swimming pool and gazebo directly behind house. Stable located north of the creek and is accessed by driveway from Winkler Mill Road.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

Evaluated as part of the 2002 survey and determined non-contributing. 2002 survey notes a gazebo next to the pool behind the house and a stable north of the creek accessed via Winkler Mill Road that were not photographed/accessible in 2020.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was constructed outside of the period of significance for the district.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

Two-story side-gable frame house with one-and-a-half story wing on the east end containing a three-car garage. The front porch wraps around the west side and there is a shed-roof rear ell. An inground swimming pool is located in the rear yard.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

Evaluated as part of the 2002 survey and determined non-contributing.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was constructed outside of the period of significance for the district.

References

List references used to research and evaluate the individual property. For NRPQ's include copies of key documents.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

One-and-a-half story house with a sprawling footprint and complex hip roof line with numerous dormers. Clad in wood siding with stone accents. Walk out basement in the rear.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

This parcel comprises what was previously 1855 and 1899 Washington Road. The house at 1855 Washington Road was identified in the 2002 survey as requiring more information and was built in 1945. It may have been demolished without the Commission's approval. The house at 1899 Washington was identified as non-contributing in the 2002 survey and was demolished with the Commission's permission in 2012. The existing house was constructed with the Commission's approval in 2012.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was constructed outside of the period of significance for the district.

-------------------	--------------------------	-------	--

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

Two-story gable upright with one-story wing to the west. A one-and-a-half story three car garage is attached to the west end of the wing. The wing has a stone veneer.

There is a very small gable roof outbuilding in the front yard, possibly a pumphouse.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

Although the original builder of this house is unknown, in 1921 it was purchased by Edith M. Kimball and Virginia M. Jackson, two Detroit schoolteachers, who remodeled it into their summer house. Subsequent owners made additions and alterations in the 1940s, 50s, and 60s. The three car garage addition was constructed in 1987.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it lacks architectural integrity. It does not retain its pre-World War II appearance.

References

List references used to research and evaluate the individual property. For NRPQ's include copies of key documents.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

House was not visible. From 2002 survey, "Large two-story frame house, roughly L-plan with attached three-car garage forming front ell. Hipped and gable roofs with cross gables and front bays. Balcony on front of garage. Dormer windows. One-story ell on east has EIFS or stucco walls. Turret in rear."

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

Evaluated as part of the 2002 survey and determined non-contributing.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was constructed outside of the period of significance for the district.

References

List references used to research and evaluate the individual property. For NRPQ's include copies of key documents.

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

One-story house with sprawling U-shaped footprint with steep gable roofs and cross gables. Arranged around a large paved court.

Detached three-car garage with side gable roof and gable front dormers constructed about 1985 located at the southwest corner of the property.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

Evaluated as part of the 2002 survey and determined non-contributing. The house that is currently present is not the same as the one in the 2002 survey.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

Not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was constructed outside of the period of significance for the district.

For SHPO Use Only	SHPO Concurrence?: Y / N			Date:	

Narrative Architectural Description

Provide a detailed description of the property, including all character-defining features and any accessory resources. This is required for all properties.

One-and-a-half story tall log house with one-story tall wood sided ells extending from both ends. The ells are set back so they primarily touch the corners of the log house. The entrance is located in the west ell, although there is a door in the center of the log portion. The west part of the west ell is sided in vertical wood siding.

The barn located on the east edge of the property parallels Winkler Mill Road. It is one-story tall with a side-gable roof clad in asphalt shingles and has exposed rafter tails. It is sided with vertical wood siding and has multi-pane wood windows and a single entrance door. In the 2002 survey it had a wood shingle roof.

History of the Resource

Provide information on previous owners, land use(s), and construction and alteration dates in a narrative format. This is required for all intensive level surveys, NRPQs, and nominations, and recommended for other identification efforts.

Evaluated as part of the 2002 survey and determined non-contributing. The log portion of the house was originally built in Elmira Ontario between 1830 and 1840 but was deconstructed and reconstructed in this location in 1986 by Donald Henderson. The wings were added about 1999. The house was moved to this location outside of the period of significance for the district and has no relation to the history of the city or district.

The barn was constructed in the early 1900s and was on the property prior to the house. The barn appears to contribute to the district.

Statement of Significance/Recommendation of Eligibility

Provide a detailed explanation of the property's eligibility for the National Register. Include an evaluation under at least one of the four National Register Criteria and one Area of Significance. Include a discussion of the seven aspects of integrity, and make a recommendation about eligibility. This is required for all properties.

The house is not eligible for the National Register and does not contribute to the Winkler Mill Pond Historic District as it was re-constructed on this site outside of the period of significance for the district and has no historic association with the district.

The barn contributes to the district as it existed on the property prior to the house.
