Re: Video Service Local Franchise Agreement for AT&T Michigan

Dear Ms. Leslie:

Pursuant to Section 3 of 2006 Public Act 480, MCL 484.3303 ("Act 480") and the January 30, 2007 Order ("Order") of the Michigan Public Service Commission ("Commission"), in Case No. U-15169, Michigan Bell Telephone Co. doing business as AT&T Michigan ("AT&T"), hereby files the enclosed Uniform Video Service Local Franchise Agreement ("Agreement") by and between the City of Rochester Hills, a Michigan Municipal corporation (the "Franchising Entity") and AT&T (the "Provider"). The Commission's Order and Instructions may be found at the following Commission web link: http://www.cis.state.mi.us/mpsc/orders/comm/2007/u-15169_01-30-2007.pdf

The enclosed filing includes the standard form Agreement approved by and required for use by the Commission, and it has been completed in accordance with the Commission's Instructions issued in the Order. AT&T has obtained certain information from the publicly available cable franchise agreement between the City of Rochester Hills and the incumbent cable service provider, Comcast Corporation, which is to be inserted into the Agreement by the City of Rochester Hills pursuant to the Commission's Instructions. It is AT&T's understanding that there is an annual franchise fee of 5% of gross revenues paid by Comcast which is to be inserted by the City of Rochester Hills into Section "VI. Fees" of the Agreement. Similarly, if there is an ongoing, annual PEG support fee, such PEG support fee is to be inserted in Section "VIII. PEG Fees". Please insert into Section "VIII. Peg Fees" of the AT&T Agreement what the City of Rochester Hills asserts is the appropriate PEG support fee pursuant to Section 6 (8) of Act 480.

This faxed submission also includes Attachment 1 to the Agreement. Pursuant to Section 11 of Act 480, Section "XIII. Confidentiality" of the Agreement, and page 1 of the Instructions for Uniform Video Service Agreement issued in the Order, AT&T has deemed both the "Video Service Area Footprint" and "the date on which AT&T expects to begin to provide video services in part of the Video Service Area Footprint" as Confidential Information. Attachment 1 will also be hand delivered and as such, the Confidential Information for Attachment 1 has been set forth in Confidential Attachments A and B respectively, and will also be placed in a separate, sealed envelope and clearly identified by the label of the envelope as follows:

(AT&T Michigan "CONFIDENTIAL INFORMATION").

Pursuant to Section XIII of the Agreement, Section 11 of Act 480, and the Commission's Instructions, the City of Rochester Hills as the Franchising Entity receiving the information so designated as confidential is required (a) to protect such information from public disclosure, (b) exempt such information from any response to a Freedom of Information Act ("FOIA") request made under MCL 15.231 to 15.246, and (c) make the information available only to and for use only by such local officials as are necessary to approve the Agreement or perform any other task for which the information is submitted.

Additionally, the map on confidential attachment A has been revised to add street names of certain municipal boundaries and other information to more clearly define AT&T's Video Service Area Footprint in the City of Rochester Hills. These revisions should fully address any concerns the City may have regarding the map.

It is important to note that AT&T's map demonstrates the exact footprint within which AT&T intends to offer video services and thus are consistent in full with the purpose for which they are prepared. AT&T's "video service area footprint" map complies with Section 2(3)(e) of Act 480. Section 2(3)(e) provides that a uniform video service local franchise agreement include "an exact description of the video service area footprint to be served, as identified by a geographic information system digital boundary meeting or exceeding national map accuracy standards."

AT&T's video service area footprint map is prepared using digital geographic data created by AT&T's Geographic Information System (GIS) application. GIS-mapping systems use software to combine multiple "layers" of information to create maps tailored for specific purposes, such as demonstrating the precise area in which AT&T intends to offer video services. Maps created using AT&T's GIS-mapping system meet or exceed all pertinent national map accuracy standards.

AT&T's GIS-created maps are created using the latest GIS-mapping technology. GIS-mapping systems are comprised of individual map elements, which are "intelligent" in the sense that each individual map element contains an encoded database record that includes a unique identifier attribute and spatial coordinate attributes for each individual map element (such as longitude and latitude). AT&T's GIS-mapping application uses wire center boundaries hand-digitized by AT&T, which are highly-accurate for all map preparation purposes. AT&T's GIS-mapping application uses data sources that have latitude and longitude coordinates embedded in and associated with all the points, lines and boundaries on all state and municipality maps used by AT&T, to create the video service area footprint maps.

AT&T's GIS-mapping application uses geographic data from several sources. For example, AT&T secures landbase data, including city and state boundaries, from TeleAtlas, which is recognized as a leader in GIS data and is the foremost provider of GIS application data in North America. Data and maps received from TeleAtlas are specifically-designed to comply with all national map accuracy standards. In sum, AT&T's map complies with the requirements of Act 480.

The City of Rochester Hills has 15 business days beginning April 17, 2007 within which to notify AT&T if the Agreement is complete. If the City of Rochester Hills does not notify AT&T regarding the completeness of the Agreement within this 15 business day period, pursuant to Section 3(3) of Act 480, the Agreement shall be deemed complete. Any notice by the City of Rochester Hills regarding the completeness of the Agreement must comply with Section 3(2) of Act 480 and must be sent by facsimile to each of the representatives of AT&T identified in Section "XV. Notices" of the enclosed Agreement.

AT&T has a proud history and tradition of providing home phone service for many decades to residents in the geographic area now located in the City of Rochester Hills. Now, with the ability to provide wireline, wireless, Internet and video services, we are looking forward to serving them in new ways and becoming the City of Rochester Hills' complete communications and entertainment provider.

The Provider is entitled to a credit applied toward the fees due under **Section 6(1) of the Act** for all funds allocated to the Franchising Entity from annual maintenance fees paid by the provider for use of public rights-of-way, minus any property tax credit allowed under **Section 8 of the Metropolitan Extension Telecommunications Rights-of-Way Oversight Act (METRO Act)**, 2002 PA 48, MCL 484.3108. The credits shall be applied on a monthly pro rata basis beginning in the first month of each calendar year in which the Franchising Entity receives its allocation of funds. The credit allowed under this subsection shall be calculated by multiplying the number of linear feet occupied by the Provider in the public rights-of-way of the Franchising Entity by the lesser of 5 cents or the amount assessed under the **METRO Act**. The Provider is not eligible for a credit under this section unless the provider has taken all property tax credits allowed under the **METRO Act**.
- H. All determinations and computations made under this section shall be pursuant to generally accepted accounting principles.

- B. Any public, education, or government channel provided under this section that is not utilized by the Franchising Entity for at least 8 hours per day for 3 consecutive months may no longer be made available to the Franchising Entity and may be programmed at the Provider's discretion. At such a time as the Franchising Entity can certify a schedule for at least 8 hours of daily programming for a period of 3 consecutive months, the Provider shall restore the previously reallocated channel.
