ROSETTA[®]

BY NEWLINE HARDSCAPES

product: Outcropping wall
color: Canyon

The
OUTCROPPING
Collection

The large dimensions of the Rosetta Outcropping units allow you to create grand, structural walls in a scale that is both believable and inspiring.

The Outcropping collection was designed with 12 unique size units and 24 unique stone textures to create the most natural appearance possible. Fully engineered to exacting specifications, the Outcropping collection is not limited by the inconsistent properties of natural stone, yet maintains its appearance and feel.

Given its large size, Outcropping is designed to be machine-laid, making installation fast and easy.

FEATURES

- Beautiful weathered stone textures
- Large, interlocking units create a fully engineered, extremely strong, structural retaining wall
- Consistent dimensions = fast installation
- All Outcropping units average 18" +/- in depth
