**RE: ANNUAL MAINTENANCE PERMIT**

Dear Paul G. Shumejko, PE, PTOE:

Enclosed is your Annual Permit for emergency and maintenance operations on existing structures within your municipality. This permit is valid for three years, beginning January 1, 2009 through December 31, 2011.

Prior to making underground taps or performing routine maintenance or repairs involving excavation under this Annual Permit, please notify the Department of Permits and Environmental Concerns in writing via facsimile on the enclosed Start of Work notification form or through the MISS DIG system. Please make copies of the Start of Work form as needed.

In order to validate the notification through the MISS DIG system, the Licensee must include the 5-digit permit number in the message. Failure to include the permit number means that you have not satisfied the requirement for prior notification.

Work proposed by you that exceeds the scope of the Annual Permit requires a separate application and permit. If a private contractor will be performing the work, the usual permit procedure will be followed with respect to fees, bonds and insurance.

Please feel free to contact me at (248) 858-4835 if you have any questions.

Respectfully,

William M. McEntee, Director
