INTERESTS/REASONS/QUALIFICATIONS

From 1993-1994, I worked for the BLM in Wyoming from the Cody Field Office. I then worked for the Nebraska Department of Roads from 1994-1999 as a land surveyor and then as a police officer for the next 13 years. I've enjoyed working with land owners and citizens of the communities where I've lived and since I've moved to Michigan, I'm looking to find a position again where I can serve the community. I'm familiar with city ordinances and state laws and able to work with other individuals to accomplish what needs to be completed.
