Dear Mayor and Members of the Planning Commission –

As a Rochester Hills resident, I want to make sure my family's support for the newly-proposed location of Premier Academy at Adams/Tienken is heard.

Premier Academy fosters a multitude of learning environments that encourage all children's individuality, strengths and weaknesses. The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools and he and his wife have nothing but care, compassion, and concern to provide different learning environments for our children.

We also appreciate that we can support a local business owner who is creating local jobs and investing in road improvements.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission –

As a parent of a current Premier Academy student, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education close to our home. For our household's busy lifestyle, the convenience of having this campus in our neighborhood allows us to provide for our family knowing our child(ren) are in close proximity within a family-like environment thanks to the amazing Premier Academy staff.

The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. Dear Mayor and Members of the Planning Commission –

I wanted to write and express my strong support of this new campus. Unfortunately, I found Premier Academy only with my 3rd child, otherwise I would have enrolled all my children in this school. My children have attended many local preschools and this is by far the most supportive, kind and welcoming group of teachers and administrators I have encountered.

As a Rochester resident, I love our community's focus on family friendly development and I think this school will fit perfectly into the neighborhood of it's new location. I know that is a busy intersection and I appreciate the concern, however, I can't think of a better thing to add to that location than a early development school. I have no doubt that Premier Academy will do whatever it takes to appease local residents as they are exception people to work with and I KNOW that the parents in that area will gain the most benefit from having this school so close. Although the drive to the Oakland campus is not terrible, I would have loved having this school at Tienken and Adams and I know the local families will as well. Fortunately, from my experience, the arrival times are so staggered that it never seems as though there is a lot of traffic. Additionally, the check in at this school is so efficient, parents are in and out so I don't expect any major bottlenecks.

My son is enrolled in a Young 5's class and with the elimination of the Rochester Schools Young 5's program 3 years ago, this program has been a lifesaver. There are very few in the area and with the rigors of the RCS Kindergarten curriculum, we are thrilled that he has had the opportunity to grow and develop before he starts in the Rochester schools next year.

We should be thrilled that the Rochester and Rochester Hills residents value early education so much that our community can support 2 school in such close proximity. I think that says a lot about the families here and I fully support their effort to open a new location. I hope you support this development as well.

Thank you for your time,

Catherine Adams
Parent and Rochester resident

The Proposed Premier Academy Project

1 message

Thomas Braun <tmbraun43@gmail.com>

Mon, Dec 11, 2017 at 9:54 PM

To: "planning@rochesterhills.org" <planning@rochesterhills.org>

Planning Commission members -

Here's a vote for the Academy! I see no reason to stop this project from going forward.

The primary objection to the project expressed in the Nextdoor Brookedale Woods forum, appears to be from individuals with a shortsighted view of the traffic congestion problem on Adams and Tienken roads. Adams road has been a "parking lot" during rush hours for most of the 25 years that I've lived in Brookedale Woods. Continued development in Oakland Township will certainly add to the congestion far more significantly than would the proposed Academy.

I believe that the Academy would be an asset to the City of Rochester Hills and a benefit to those residents who have young children who need the resources this facility would offer. In my opinion, from what I have seen of the project's plans, the Premier Academy complex would be a major physical improvement to the S.E. corner of the Adams/Tienken intersection and a credit to the neighborhood.

I would hope that a relatively small, but determined, group of individuals with an overriding self-interest would not have a level of influence on the Commission such that the project would be abandoned to the detriment of the City.

Dear Mayor and Members of the Planning Commission %2◆◆

As a Rochester Hills business owner, I ask the Rochester Hills Planning Commission members to approve the site plan for the second Premier Academy at the southeast intersection of Adams/Tienken.

Our community is on a positive growth trajectory! We need additional, diverse educational choices and services for local families. The addition of a second Premier Academy campus will not only provide those educational choices, but create local jobs while supporting a Rochester-based business owner and road improvements. All which are tremendous for local businesses, such as mine.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission –

My daughter, Zoey, attended Premier Academy and is a stronger student in the Rochester Community Schools because of it.

Premier Academy fosters a multitude of learning environments that encourage all children's individuality, strengths and weaknesses. The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University. He continuously supports our community - Rochester and Rochester Hills. His daughters attend Rochester schools and have nothing but care, compassion, and concern to offer families and their children.

This school provides a foundation that is aligned with the aggressive academic schedule that these children will be challenged with as they grow in the Rochester Community Schools. My child was participating in Chinese and Spanish as a preschooler and kindergartner, yoga class and multiple other physical education activities. They go on field trips to learn about the city we live in and participate in multiple charity events to help provide for those that are in need - all within our community. The foundation is set to develop these children morally and ethically to learn that how they impact the community they live in is important.

Vote YES for the new Premier Academy in Rochester Hills!

Sincerely,
Mrs. Lindsey Daines

Dear Mayor and Members of the Planning Commission –

As a parent of a current Premier Academy student, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education close to our home. For our household's busy lifestyle, the convenience of having this campus in our neighborhood allows us to provide for our family knowing our child(ren) are in close proximity within a family-like environment thanks to the amazing Premier Academy staff.

The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools and he and his wife have nothing but care, compassion, and concern to provide different learning environments for our children.

Dear Mayor and Members of the Planning Commission –

As a parent of a current Premier Academy student, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

We recently moved from another early childhood school to Premier Academy because it provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education. The staff has been amazing and I could not be happier with my decision. A Premier Academy at the proposed location would be an excellent addition to our Rochester Hills Community and provide a wonderful option for families that live near the intersection.

I understand that the school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools. I'd like to see the city support and welcome a native entrepreneur that has proven he can provide a family-oriented school for my children and many others.

Premier Academy fosters a multitude of learning environments that encourage all children's individuality, strengths and weaknesses. The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University. He continuously supports of our community - Rochester and Rochester Hills. His daughters attend Rochester schools and have nothing but care, compassion, and concern to offer families and their children.

This school provides a foundation that is aligned with the aggressive academic schedule that these children will be challenged with as they grow in the Rochester Community Schools. My children were participating in Chinese and Spanish as preschool and kindergartners, yoga class and multiple other physical education activities. They go on field trips to learn about the city we live in and participate in multiple charity events to help provide for those that are in need - all within our community. The foundation is set to develop these children morally and ethically to learn that how they impact the community they live in is important.

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills business owner, I ask the Rochester Hills Planning Commission members to approve the site plan for the second Premier Academy at the southeast intersection of Adams/Tienken.

Our community is on a positive growth trajectory! We need additional, diverse educational choices and services for local families. The addition of a second Premier Academy campus will not only provide those educational choices, but create local jobs while supporting a Rochester-based business owner and road improvements. All which are tremendous for local businesses, such as mine.

Dear Mayor and Members of the Planning Commission –

As a parent of a current Premier Academy student and a Rochester Hills resident, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education close to our home. For our household's busy lifestyle, the convenience of having this campus in our neighborhood allows us to provide for our family knowing our child(ren) are in close proximity within a family-like environment thanks to the amazing Premier Academy staff. We also appreciate supporting a Rochester-based business owner who is creating jobs and investing in road improvements. With our growing community, another Premier Academy is the goodness we need in our neighborhood to meet ours and other families' needs.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission,

My name is Karen Malsbury and I am a Rochester resident, Rochester Community Schools Employee and a former parent of two girls that attended Premier Academy from 2008 to 2013, I would like to express my support for the newly-proposed location of Premier Academy at Adams/Tienken is heard for three reasons.

- 1) Premier Academy fosters a multitude of learning environments that encourage all children's individuality, strengths and weaknesses. One of my daughters attended the Montessori program and the other complete the A Beka program up to 1st grade. Both girls now attend North Hill and Hart and are A grade students and on the honor role. The foundation they received at Premier certainly impacted the caring, independent smart young girls they are today.
- 2) The second reason I support the school is because they have always supported my students in my work based learning program, that we provide at Rochester High School. Year on year I have placed students interested in Early Education. The staff and educators have welcomed my students with open arms and have provide a working environment that has solidified their love for children and education. Work site development plans have far exceeded my students and my expectations because of the rich learning environment that they are able to provide their students and families.
- 3) The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools and he and his wife have nothing but care, compassion, and concern to provide different learning environments for our children.

I fully support this opportunity for the families and potential employees of this facility in the North West of our city.

Please Vote YES for the new Premier Academy in Rochester Hills!

With kind regards, Karen Malsbury

Dear Mayor and Members of the Planning Commission –

I am a Rochester Chamber member who is in support of the new Premier Academy. While my marketing/PR/digital firm is not based in Rochester, my business generates revenue from Premier Academy, which affords me to send my children to St. John Lutheran School, Rochester and Lutheran High Northwest, Rochester Hills. The variety of school options your community offers is vital to draw others outside your zip code to the area. We spend plenty of time and dollars in the area due to Rochester Chamber-affiliated business generated by businesses such a Premier Academy. Development of new businesses is vital to the livelihood of the local economy.

Dear Mayor and Members of the Planning Commission –

As a parent of a current Premier Academy student and a Rochester Hills resident, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education close to our home. For our household's busy lifestyle, the convenience of having this campus in our neighborhood allows us to provide for our family knowing our child(ren) are in close proximity within a family-like environment thanks to the amazing Premier Academy staff. We also appreciate supporting a Rochester-based business owner who is creating jobs and investing in road improvements. With our growing community, another Premier Academy is the goodness we need in our neighborhood to meet ours and other families' needs.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills business owner, I ask the Rochester Hills Planning Commission members to approve the site plan for the second Premier Academy at the southeast intersection of Adams/Tienken.

Our community is on a positive growth trajectory! We need additional, diverse educational choices and services for local families. The addition of a second Premier Academy campus will not only provide those educational choices, but create local jobs while supporting a Rochester-based business owner and road improvements. All which are tremendous for local businesses, such as mine.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills resident, I want to make sure my family's support for the newly-proposed location of Premier Academy at Adams/Tienken is heard.

Premier Academy fosters a multitude of learning environments that encourage all children's individuality, strengths and weaknesses. The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools and he and his wife have nothing but care, compassion, and concern to provide different learning environments for our children.

We also appreciate that we can support a local business owner who is creating local jobs and investing in road improvements.

Dear Mayor and Members of the Planning Commission,

As a parent of a current Premier Academy student and a Rochester Hills resident, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy not only provides a needed service, but this organization contributes to the community in countless ways. Rarely does a month pass that academy is not coordinating a food drive, blood drive or other philanthropic cause.

I would match the preparatory services we receive with schools like **Country Day in Bloomfield and Liggett in Grosse Pointe**. Having an academy of this caliber in our community can only be a positive point of distinction we all can be proud of.

I urge you to please Vote YES for the new Premier Academy in Rochester Hills!

We have had one son experience two amazing years at Premier and our second son is in his third year, with one more to go. They both spend their summers at Premier Academy's Summer Camp - overall, the staff is amazing, very attentive and only have the best interests of the kiddos in mind. It is safe, clean and very organized. Highly recommend a second location and selfishly, it is in a better location for our family and closer to Work.

People will always find something to complain about - all I have read is people complaining about traffic on that corner. A private preschool would hardly put a dent in traffic in that intersection. If Jeff's plans find a way to make the intersection traffic operate safer and more smoothly, while the school adds tax revenue to the city, why complain.

Vote yes!!

Thx,

Carrie Seabolt

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills business owner, I ask the Rochester Hills Planning Commission members to approve the site plan for the second Premier Academy at the southeast intersection of Adams/Tienken.

Our community is on a positive growth trajectory! We need additional, diverse educational choices and services for local families. The addition of a second Premier Academy campus will not only provide those educational choices, but create local jobs while supporting a Rochester-based business owner and road improvements. All which are tremendous for local businesses, such as mine.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission –

As a parent of a current Premier Academy student, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education close to our home. For our household's busy lifestyle, the convenience of having this campus in our neighborhood allows us to provide for our family knowing our child(ren) are in close proximity within a family-like environment thanks to the amazing Premier Academy staff.

The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools and he and his wife have nothing but care, compassion, and concern to provide different learning environments for our children.

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills resident, I want to make sure my family's support for the newly-proposed location of Premier Academy at Adams/Tienken is heard.

Premier Academy fosters a multitude of learning environments that encourage all children's individuality, strengths and weaknesses. The school's owner is a Rochester Hills native and graduate of Adams High School and Ferris State University, who has continuously been a supporter of our surrounding community - Rochester and Rochester Hills. His daughters attend Rochester schools and he and his wife have nothing but care, compassion, and concern to provide different learning environments for our children.

We also appreciate that we can support a local business owner who is creating local jobs and investing in road improvements.

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills resident, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

Premier Academy provides our growing community with a secure and trustworthy environment where preschoolers are receiving a stellar Montessori education close to their home. For our local families, the convenience and intrinsic value of having this campus in our neighborhood gives our community's families access to a quality and faith-based preschool and kindergarten education en route to their place of employment. We also appreciate that we can support a local business owner who is creating local jobs and investing in road improvements.

Despite being a competitor of my current employer, as I work for a local (Rochester) church and school, we have always maintained a strong relationship with Premier Academy, referring students and families in both directions. Premier Academy, in my opinion, has been, and will continue to be, a strengthening organization within the community I have chosen to live in for the past 17 years.

Vote YES for the new Premier Academy in Rochester Hills!

Dear Mayor and Members of the Planning Commission –

As a parent of two current Premier Academy students and one more on the way, I strongly encourage the Rochester Hills Planning Commission to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken. This location is highly desirable for us to bring our children for full time childcare and education.

Premier Academy provides our family with a secure and trustworthy environment where our preschoolers are receiving a stellar early childhood, faith-based education close to our home. For our household's busy lifestyle, the convenience of having this campus in our neighborhood allows us to provide for our family knowing our children are in close proximity within a family-like environment thanks to the amazing Premier Academy staff.

Dear Mayor and Members of the Planning Commission –

As a Rochester Hills resident and the parent of two former Premier Academy students, I'm writing to strongly encourage you to approve the site plan for the second Premier Academy at the southwest intersection of Adams/Tienken.

I can say, without any doubt, that Premier Academy fundamentally altered our daughters' educational trajectory for the better. They entered Brewster Elementary ahead of the academic expectations set for them and have excelled in school since because of the foundation Premier Academy helped them build. I'm a true believer in the Montessori methodology and Premier Academy gave our daughters a secure environment to grow.

The only challenge we faced with Premier: Proximity.

We wife and I both work, and driving out to Premier Academy's location on Rochester Rd. wasn't always convenient. It was difficult for family members or friends to help pick them up. The convenience and intrinsic value of having this campus in our neighborhood would give other families access to a quality preschool and kindergarten education — at a fair price and en route to their place of employment.

I also appreciate that this new building will help support a local business owner who is creating local jobs and investing in road improvements.

So, please, as you look into this issue, consider voting YES for the new Premier Academy in Rochester Hills! It's changed my daughters' lives for the better and I'd be thrilled to know other local families would have easy access to the same opportunity.

If you have any questions, don't hesitate to reach out.

-Josh Zywiec
