## Subcommittee Reports.

Earl Borden Awards - Ida Whateley

Member Whateley reported that the Terry Mall house, the Fidler house and the Roberson house will receive the awards.

Member Whateley further reported that the person chosen for the preservation leadership award is Deborah Remer. Deborah does not live in Rochester Hills but all her work is in Rochester Hills.

Commission members discussed the non-resident issue. Consensus of the members was that Deborah Remer has made many contributions to the City of Rochester Hills and therefore deserves the recognition.

Although past recipients have been residents of Rochester Hills Vice Chair Schulte pointed out that perhaps Deborah Remer should be an exception to the rule because everything she has done has been to the benefit to the City of Rochester Hills, either financially or through her voluntary efforts.

MOTION by Whateley, seconded by Ternan, to nominate the Terry MAII home located at 1081 Auburn Road, built in 1839, for the Earl Borden Preservation Award.

Ayes: All Nays: None
