INTERESTS/REASONS/QUALIFICATIONS Gardening is an interest that made me aware of the destruction of residential property by deer. I was employed for nearly 24 years as a mechanical engineer, the last 15 years in quality improvement which requires 1) problem definition, 2) potential solutions, 3) consensus building, 4) problem solution, etc..

WHAT IS YOUR OPINION REGARDING THE 2009 DEER MANAGEMENT POLICY?  
1) Elimination of 20% of the deer herd should be only a starting point, since I favor an 80% reduction in the residential neighborhoods.  
2) Due to complaints about the "Deer Cull", need to establish a problem definition, list of potential options, gain consensus from necessary court/tenants, public plan, refine plan, & implement.

See items 1) & 2) immediately above.
