TRAFFIC CONTROLS

Intersection of John R at Auburn Road - Section 26 & 36

Background

Due to concerns regarding the school walking route for Reuther Middle School, city staff reviewed the existing No Turn On Red turning movements restrictions and determined that the time plates should be revised from 7:30 AM - 4:00 PM to 7:00 AM - 4:00 PM.

Recommendation

The following is the recommendation for the regulatory turning movement (TM) traffic control device for this intersection:

TM-32.1 NO TURN ON RED from northbound and southbound John R onto Auburn Rd at their intersection between the hours of 7:00 AM and 4:00 PM, School Days Only.

The Auburn Rd legs of the intersection are under the jurisdiction of the Michigan Department of Transportation and have been coordinated with the City.

Action Requested

Request the Advisory Traffic and Safety Board (ATSB) to support having the **TCO No. TM-32-16** issued and that the ATSB recommend that the City Council approve this TCO rescinded or superseded.
