

Avon Lakes

HOME OWNER'S ASSOCIATION

October 8, 2020

To Rochester Hills City Council,

The Avon Lakes Homeowners Association is requesting the City Council to pass a five-year resolution allowing our association to apply to the Michigan Department of Natural Resources for a permit for goose nest egg destruction.

We have a large resident goose population on our 29-acre lake. It makes keeping the lake waters and the two adjacent parks safe and clean very difficult. In 2010, four of our board members were trained by the DNR in the proper methods to use in the nest and egg destruction procedure. We received permit number ND-307.

Every five years we are required to get signatures from 70 percent of the people on the lake. We are an association of 157 homes. The pandemic makes knocking on doors almost impossible.

The Avon Lakes HOA and its members thank the Council for consideration of this resolution.

Sincerely,
Gerald Turgeon, President, Avon Lakes HOA
