## CANDIDATE QUESTIONNAIRE CONTINUED

### INTERESTS/REASONS/QUALIFICATIONS

As a result, I have a desire to see as much green space preserved as possible so my son can enjoy growing up here as much as I did.

I also completed the Michigan Conservation Stewards Program conducted by the MSU Extension Service in 2007. The goal of this program is to expose/train citizens in a variety of topics from invasive species, to managing woodlands, so they can then use their skills and knowledge to steward the lands in their communities or throughout the state.

Therefore, I have a strong interest in seeing that the green space land that is purchased is the best use of the millage monies and that the land is protected, and receives, the best possible stewardship for future generations of Rochester Hills residents.
