Legislative File No: 2021-0252

TO: Mayor and City Council Members

FROM: Allan E. Schneck, P.E., Director of Department of Public Services

DATE: July 12, 2021

SUBJECT: Adams Road from Hamlin to Walton Boulevard 2020 Build Grant for Environmental Assessment; City File E18-007

REQUEST:

The Department of Public Services requests that City Council approve a cost participation agreement between the City and the Road Commission for Oakland County’s (RCOC) as a result of the 2020 Better Utilizing Investments to Leverage Development (BUILD) grant award in the amount of \$2,000,000.00. The BUILD grant is for the preparation and completion of an Environmental Assessment along Adams Road from Hamlin Road to Walton Boulevard. The Environmental Assessment is the first federally required step for this project and will study the widening of the Adams Road corridor to improve safety and reduce traffic congestion. City Council is requested to approve the cost participation agreement to carry out the Environmental Assessment.

REASON FOR PURCHASE:

Based upon a preliminary engineering/feasibility study of the Adams Road corridor from Hamlin Road to Walton Boulevard, the RCOC prepared and submitted a BUILD grant application to the United States Department of Transportation (USDOT) requesting funding assistance for the completion of an environmental assessment. At the Monday, May 4, 2020 City Council meeting, City Council passed a motion supporting said grant application and if awarded the BUILD grant, to financially commit to providing a participatory share in the amount of \$250,000.00, which is 10% of the total project cost of \$2,500,000.00. On Friday, September 11, 2020, the City was notified the RCOC was awarded a \$2,000,000.00 BUILD grant.
