Initiative Description and Budget Proposal

All Initiatives which seek HIDTA funding must complete this proposal and return to Michigan HIDTA via e-mail by the announced deadline. Completion of all sections of this proposal is required. The Office of National Drug Control Policy examines these submissions very closely. Your proposal must be clear, concise and complete. **A complete proposal consists of this form AND the Michigan HIDTA FMS Budget Sheet.**

Initiative Description and Budget Proposal Instructions

Enter your initiative description and budget detail in the text box on the following page. The text box is not character limited, nor is it limited to the visible field on the page. It works best to compose the narrative in Word and copy into the text field on the following page. Please use narrative only to complete this section. The PMP software will not accept graphs, tables, charts, images, etc.

The narrative section is intended to describe the mission and proposed activities for your initiative (dismantling DTOs, meth labs, interdicting drugs/money, apprehending fugitives, etc.) and detail your initiative's funding request. This description should indicate when the initiative was first funded by HIDTA.

Your narrative must be clear, concise and complete. Do not include a long narrative detailing the history or accomplishments of your initiative. Please **limit** your initiative description to several short paragraphs.

The first paragraph should clearly **identify the threat** (drug problem, violent crime, money laundering) in your area. ONDCP expects detailed information regarding the threat in the **HIDTA county/counties which your initiative serves**. Describe the types of drugs being trafficked, the presence/activities of gangs and drug-related violent crime. Include information on DTOs and MLOs operating in your area. DO NOT use specific names/addresses for any organizations or provide any information which is law enforcement sensitive or classified. Referring to the Michigan HIDTA Annual Threat Assessment/Drug Market Analysis is essential when describing the threat in your region.

In the next paragraph **discuss your plan to attack the threat** in your region. Describe your initiative and detail your plan to address the specific threats/problems in your area and achieve your performance targets. If your initiative consists of multiple teams, explain how each team's activities attack the drug threat in your HIDTA county. Detail how you will work more efficiently and effectively by conducting intelligence-driven investigations and sharing information (leads).

The next paragraph(s) should **present your budget request**. Remember that HIDTA funding is added-value funding and cannot be used to supplant normal operating budget items. Each budget line item (overtime, equipment, supplies, vehicles, phones, services, etc.) must be detailed in narrative form, specifying the amount requested and how each line item amount will be utilized. It is important to relate why each line item is needed and how it fits into your plan to attack the threat in your region and attain your performance targets. Provide a clear, concise and complete explanation of all items in your budget request. The budget narrative will be reviewed by the Michigan HIDTA Steering Committee and Executive Board before being sent to ONDCP for review and approval.

ONDCP closely examines **vehicle expenditures**. Lease costs and other vehicle-related expenses must be detailed. Ensure the number of vehicles and expenses match the number of eligible officers in your initiative. Examples: "6 vehicles @ \$500/month x 12 months = \$36,000; Gasoline Expense, 6 officers @ \$200/month x 12 months = \$14,400 .

ONDCP also scrutinizes **overtime expenses**. Ensure these expenses line-up with eligible officers in your initiative. ONDCP caps overtime for individual officers at \$9,500 annually. The Michigan HIDTA limits the cap to \$6,500 per officer annually. Each initiative is required to maintain documentation/spreadsheet to ensure these limits are not exceeded. Example: 10 task force officers x \$3,000/annually = \$30,000 annual overtime.

PLEASE NOTE: Equipment vs. Supplies - There has been a change in how these items are categorized. All items purchased for **\$5,000 or more per item** are categorized as **Equipment**. All items purchased for **\$4,999 or less per item** are categorized as **Supplies**.

Equipment expenses must be detailed. Provide specifics for what will be purchased, the cost, and how it relates to your plan to address the threat. Example: 10 ballistic shields @ \$6,000 each = \$60,000.

Supplies expenses must be detailed. Provide specifics for what will be purchased, the cost, and how it relates to your plan to address the threat. Example: 12 laptop computers @ \$1,000 each = \$12,000.

Service expenses must also be detailed. Example: Monthly cell phone service for 12 officers @ \$100/monthly x 12 months = \$14,400.

The total of all items must match the total entered in the **"Total Dollar Amount Requested"** field at the top of the next page.

A complete proposal consists of this form AND the Michigan HIDTA FMS Budget Sheet.

Total Dollar Amount Requested: \$140,000.00

The Oakland County Narcotic Enforcement Team (NET) is a multi-jurisdictional task force which is designed to integrate federal law enforcement agencies for the purpose of identifying, investigating, and prosecuting violators of state and federal narcotic laws. The task force NET was formed in 1971 and is currently directed by the Oakland County Sheriff's Office.

NET is now comprised of fifteen local police departments, and is partnered with the DEA, Oakland County Prosecutors Office and IRS. NET drives its mission by dividing its resources into four investigative teams. Three of the teams are considered street level crews that make undercover cases against street level dealers. These crews are loosely divided up by four quadrants of Oakland County. These teams make the majority of arrests and seizures of street level dealers throughout Oakland County. The fourth team is dedicated to interdiction style cases and street level heroin / fentanyl cases. NET also commits two full time officers to the DEA. It is NET's belief that the interchanging of task force officers results in a highly efficient exchange of intelligence and maximum efforts applied to DTO prosecutions.

Oakland County is a highly diversified county in that it has urban areas like the city of Pontiac and several cities that border the 8 Mile corridor. Pontiac has one of the highest crime rates in America when you compare it with other communities of similar size. Oakland County also consists of a high concentration of suburbs and rural northern areas. The population of Oakland County is about 1,200,000 with a very wide range of medium family incomes. Oakland County's drug threat appears to be a mirror image of the Michigan HIDTA's drug threat assessment. Heroin mixed with fentanyl are hitting the street at a very alarming rate and cocaine usage is on the rise at an alarming rate. Heroin and fentanyl are the leading cause of over dose related deaths. Cocaine and crack are still readily available anywhere throughout the County, although the street level price appears to be increasing. Marijuana appears to be the number one available drug throughout the County.

Oakland County borders the city of Detroit and is directly south of the city of Flint with I-75 being the major freeway connecting the three cities. Detroit and Flint once again led the state in violent crime in 2014, with Flint topping the list and Detroit at No. 2, according to preliminary annual FBI statistics released this week for cities of over 100,000 people. With 2,337 violent crimes per 100,000 people, Flint residents by far reported the most incidents per capita. Detroit had 2,137 violent crimes for every 100,000 residents.

Large scale DTO's commute between these three cities on a regular basis not being restricted by borders or geographic locations. It is a common practice for drug traffickers to distribute narcotics using I-75, I-96 and I-94 as gateways to our communities. Oakland County appears to be made up of several local DTO's and criminal groups that distribute illegal drugs to users. These criminal groups are supplied by interstate and international DTO's.

The Oakland County NET task force is responding to these evolving drug trends by committing resources to a specialized street crew for heroin enforcement. NET investigators are also monitoring doctors and pain clinics selling directly to users. The Oakland County NET task force also has street crews that initiate investigations into low level and mid level Criminal Groups and DTOs. The investigators utilize informants to make hand to hand purchases from these organizations. This type of case is highly successful in prosecution. The investigators also use informants to conduct drug buys and to provide intelligence information that results in the identification, disruption, and dismantling of local DTO's and criminal groups. NET also has a Conspiracy Unit which primarily investigates mid level and upper level DTOs and DTOs. The Conspiracy Unit uses intelligence information from the street crews that identifies interstate and international DTO's. The Conspiracy Unit conducts surveillance of the DTOs and documents their patterns and interactions within the DTO and possible relationship with other DTOs. The Conspiracy Unit uses informants and other sources of information to

Predicting Expected Outputs: When developing your expected outputs for the Program Year, please ensure you take into consideration your past 2-3 year performance averages. ONDCP frequently refers to these averages when evaluating future performance target numbers.

SECTION 3: DTOs

DTO Expected Outputs:

Predict the number of DTOs and MLOs you expect to disrupt and/or dismantle during the Program Year. Your performance targets should be aggressive but reasonably attainable, considering expected staffing and funding. Remember that your initiative's performance is compared to how successfully it attained its predicted totals. Please note Initiative's performance is not compared to the performance of other initiatives. Include pertinent notes in the Notes/Additional Information box.
