SERVICE:

Please provide the month that you would prefer to have your scale calibrated. We proactively contact our customers to schedule service in the month they choose. If you have any questions regarding our service program, please talk with your sales representative.

INSTALLATION REQUIREMENTS:

We ask for the installation of a Dedicated 3-wire 120VAC Power Line for optimum scale performance. Failure to provide proper power can result in a decline in scale performance or damage to scales. Cech Corporation is not liable for any issues resulting from an insufficient power source.

PRE-CALIBRATED SCALES:

Cech Corporation cannot guarantee the performance and condition of pre-calibrated scales shipped from the manufacturer.

MANUFACTURERS WARRANTY APPLIES.
