**RE: LOCAL GOVERNING BODY RESOLUTION FOR CHARITABLE GAMING LICENSES**

Dynamic Kids is requesting approval from the City of Rochester Hills to be recognized as a nonprofit organization operation in the community for the purpose of obtaining charitable gaming licenses. The purpose of the licenses would support various fundraising opportunities to support the overall cause for Dynamic Kids.

**ABOUT DYNAMIC KIDS**

Dynamic Kids is a non-profit tutoring organization for students with Unique learning needs. The Dynamic Kids method involves customizing a program which meets the needs of unique learners in math, reading, and writing. In addition, as part of the program, parents are trained to teach their unique learners. Our team of professionals work alongside the Dynamic Kids to ensure the needs of the students are in alignment with the goals established on the IEP.

Dynamic Kids recognizes the gap in special education and the need to provide children and their parents with teaching tools to drive a successful learning experience. Dynamic Kids strongly supports the idea that all kids can learn and excel in academics, and the learning methodology needs to be based on what fits the child's learning style. We are committed to meet children where they are and establish a comprehensive individualized learning plan for them.

There are multiple ways our unique learners benefit:

- A distinct learning experience
- Individualized tutoring plans
- Specific focus on the child's challenges
- Identification of learning style
- Obtain new strategies to aid in comprehension
- Improvement in academic performance, retention, and personal growth
- Reduction in behavioral and emotional struggles
- Parents receive training to teach their children
