Legislative File No: 2006-0483

TO: Mayor and City Council Members
FROM: Roger H. Rousse, Director of Public Service
DATE: June 28, 2006
SUBJECT: New Detroit Water and Sewerage Department Model Contract

BACKGROUND:

The Detroit Water & Sewerage Department (DWSD) and the Technical Advisory Committee (TAC) have been working with wholesale customer communities to develop a model Water Service Contract. The purpose of the model is to replace the current contracts and to provide a standard for all DWSD customer water contracts.

A communication outreach program was developed to gain feedback and provide input into the model. The model contract establishes desired pressure ranges for service, a maximum purchase amount and new methods for determining water purchase rates. DWSD will begin negotiating new contracts after September 30, 2006. A DWSD representative will be providing a presentation on the model contract and explaining the benefits to its customers.
