Mr. Keith Depp, Project Engineer
City of Rochester Hills
1000 Rochester Hills Drive
Rochester Hills, MI 48309

E-mail transmittal on: March 10, 2025

Dear Mr. Depp:

Congratulations! The Oakland County Board of Commissioners has approved the following award from the 2024 Oakland County Access to Transit Program:

City of Rochester Hills
South Adams Pathway Connections
\$427,500.00

The Oakland County Transit Division is pleased to partner with your community on this excellent project and looks forward to learning about your plans and progress moving forward. Links to online forms for semi-annual project status reporting will be shared with you throughout the duration of the project.

Funding for the Access to Transit Program has been made possible through the support of the Oakland County Board of Commissioners and the voters of Oakland County via their support of the Oakland County Public Transportation Millage. This initiative will be reviewed on an annual basis by the Transit Division and Board of Commissioners to determine funding availability and procedures.

After we receive the information needed to complete the Agreement, names, titles and email addresses, you will receive a link via email for the Interlocal Agreement. When received, please review and sign the final agreement to begin the grant award payment process.

Congratulations again and thank you for your commitment to providing excellent transit services and facilities for the residents of your community and Oakland County.

Sincerely,

A handwritten signature in blue ink that reads "Eli Cooper".

Eli Cooper, AICP
Transit Manager
Oakland County Transit Division
