Thank you for your interest in preserving green space in the City of Rochester Hills, for nominating your property off Rochdale Road, and for the follow-up calls and meetings regarding your "Andover Woods" property.

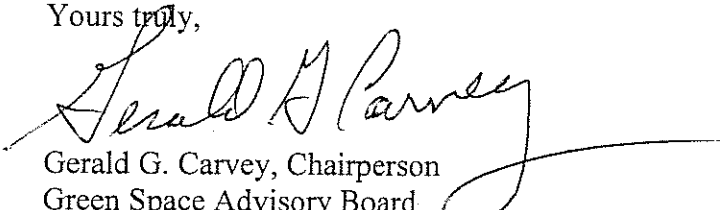

The Green Space Advisory Board (GSAB) reviewed all the nominated parcels and completed an evaluation and ranking process. We are preparing a proposal with recommendations for review by the Rochester Hills City Council.

Although your property is not included in this current proposal, it remains of interest and will be considered during future review cycles. Millage funds are not likely to be exhausted with the present set of recommendations, and we hope to expand the overall plan of connectivity of greenways in our community. As always, you are invited to make a personal presentation at any GSAB meeting during any review cycle.

We realize you may have other opportunities for the use or sale of your property, but the GSAB hopes the City of Rochester Hills can keep an open discussion with you on its potential acquisition in the future. You do not need to re-nominate your property for each acquisition review cycle. However, should you wish to withdraw your property from future consideration, please notify the Clerk's Office in writing.

We greatly appreciate your time and consideration. We hope you will continue to work with us to preserve green and open space for future generations to enjoy.

Yours truly,

Gerald G. Carvey, Chairperson
Green Space Advisory Board
