Rochester Hills, MI 48309
Tel: 248-656-4630

Dear Ms. Leslie:

I would like to petition the newly assigned Green Space Advisory Board (GSAB) to consider the purchase of the Rochester Hills parcel **15.33.476.014** as Green Space. This parcel is near the corner of Livernois and South Blvd, commonly known as the Stiles School Soccer field which is lined by trees on the North, West and East sides of the parcel.

At the present time, Talon Development Group had presented a highly dense Commercial and mixed use plan for this parcel and the 2 adjoining ones at the January 10th Planning Bd meeting.

This would be an excellent opportunity to preserve some recreational Green Space approximately 1.5 miles south of the Clinton River Trail Where Troy opens its gateway into our city.

This would be a beautiful use of Green Space for this residential neighborhood and as a welcoming site into our city.

Could you let me know the process and time frame for this parcel to be considered? Feel free to share this with whomever you feel necessary. Thank you!

Sincerely,

Peggy Schodowski
