Legislative File No: 2015-0220

TO: Mayor and City Council Members
FROM: Allan E. Schneck, P.E., Director of Public Services
DATE: June 1, 2015
SUBJECT: "2015" Pavement Striping Program, City File # E15-006

REQUEST:

The Department of Public Services recommends awarding the contract for the "2015" Pavement Striping Program to P.K. Contracting Inc, of Troy, Michigan in the amount of \$45,419.49 and authorizes the Mayor to execute a contract on behalf of the City.

The Department of Public Services also requests City Council authorization of a 10% contingency in the amount of \$4,541.95 to allow for quantity adjustments based on final measurements verified in the field.

REASON FOR PURCHASE:

The Road Commission for Oakland County (RCOC) received bids for their combined "2015" County-Wide Striping & Legend Program. P.K. Contracting, Inc. was awarded the R.C.O.C. contract for striping on March 10, 2015 as the lowest, responsive, responsible bidder and has agreed to extend the same R.C.O.C. "2015" contract unit pricing to the City of Rochester Hills for the "2015" construction season.

The City "2015" Pavement Striping includes the application of sprayable thermoplastic for the City's white and yellow longitudinal lines. The benefits of using sprayable thermoplastic over waterborne paints are as follows:

- 1) Thermoplastic is a more durable product and only requires one (1) application per year versus two (2) applications for waterborne paints.
- 2) Longer life with prolonged retro-reflectivity (40 mil material versus 15 mil material).
- 3) Due to sprayable thermoplastic's quick drying time, disruption to traffic is minimized since no coning off of roads is required.
- 4) Reduced potential for vehicle tracking of wet materials. This results in fewer or no claims due to fast dry time (product dries after marking vehicle has traveled approximately 200 feet).
