PUBLIC COMMENT for Items not on the Agenda

Jesse Williams, 2684 Stonebury Dr, requested an amendment to the municipal ordinances that would prohibit the intentional feeding of wild turkeys, aligning it with existing regulations regarding deer and geese. He reported that neighbors on both sides of his property feed the wild turkeys with bird seed and bread, leading to the habituation of turkeys in the neighborhood. He expressed concern over the resulting aggressive behavior of the birds, noting that elderly residents have been attacked, his pregnant wife has been chased from her vehicle, and mail delivery has been disrupted. He also highlighted the public health risks associated with diseases carried by the turkeys, particularly for elderly individuals, infants, and immunocompromised individuals. He noted that while he has worked with the DNR to relocate aggressive birds and has implemented various deterrents, the DNR maintains that a City-level ordinance is the best long-term solution.

LEGISLATIVE & ADMINISTRATIVE COMMENTS

Ms. Neubauer acknowledged Mr. Williams' public comment, informing him that she and the other Council Members received his email and will bring his concerns to the upcoming Joint Planning Commission/City Council meeting, where they will be discussing changes in ordinances.

She continued by mentioning that today is Michigan's 189th birthday. She also reported that Rochester High School's boys' basketball team took the victory over Stoney Creek in the recent "Crosstown Showdown," noting that Rochester is undefeated. She added that scouts were at the game, and remarked how exciting this is for the school district.

Vice President Mungiolli thanked the DPS team for their phenomenal work over the past several weeks. She displayed PlowTracker, which can be found at rochesterhills.plowtracker.com, explaining that residents can see the location of trucks and plan accordingly.

Erin Sudrovech, Chief of Staff, provided the following updates on behalf of Mayor Barnett:

- *She extended a sincere “thank you” to the DPS team for all the plowing and salting they have done. She detailed that just last week, the team spent over 220 hours on major roads, nearly 300 hours on local roads, and over 170 hours on courts, and they used 400 tons of salt and 22 tons of sand.*
- *The most recent episode of the Right Down the Street podcast features Seggie Isho, a member of the a cappella group Straight No Chaser. She noted that the group has been touring nonstop for the past several years, and showed a video of Seggie and the Mayor’s Office performing a song.*
- *The City’s latest ribbon cutting was for Rowan, a piercing location in the Village of Rochester Hills that hires only nurses to do the piercings.*
- *The sled hill at Bloomer Park is open daily from 9:00 a.m. to 5:00 p.m., and Spencer Park is open for ice skating and ice fishing. Changes in conditions will be noted on the City’s website.*
- *The annual Pond Hockey Classic is on Saturday, February 7th, at Spencer Park. More information can be found on the City’s website.*
- *She encouraged people to purchase a 2026 park pass, and added that 2026 shelter rentals are now open.*
- *The Free Street Tree Program is open through February 6th. All the trees are planted, maintained, and guaranteed for a year by the City’s contractor.*

Ken Elwert, Parks & Natural Resources Director, stated that last fall, City Council passed an agreement that leased portions of Bloomer Park, the riverplain and the bluff, to the County, and added that the current item addresses the immediate management of the land. He explained that because the County does not yet have operational staff on-site, they have requested that Rochester Hills continue its current maintenance and communication efforts through the end of the County's fiscal year on September 30th, 2026. He shared that the Oakland County Board of Commissioners officially passed this agreement on January 22nd, and pending Council approval, the official transition and lease of the property are scheduled to take effect on February 1st, 2026. He clarified that if the County requires continued assistance beyond September, the agreement would be subject to renegotiation at that time.

Vice President Munglioli expressed her full support of the interlocal agreement, noting that the City has the ability to track staff costs and ensure that the County is billed fairly for work performed during the transition. She thanked Mr. Elwert for his work, and requested more information about the upcoming community meeting.

Mr. Elwert shared that Oakland County Parks will be hosting an interactive open house this Thursday in the City Hall auditorium from 5:00 to 7:00 p.m. He explained that the County's Planning Unit will gather resident input and explore community desires for the future of the Clinton River Oaks partnership, and added that City staff will be in attendance.

Tracey Balint, Interim DPS Director/City Engineer, **Laurie Taylor**, Assessing Director, and **Karen Somerville**, Deputy Assessing Director, were present.

Ms. Balint stated that following the public hearing held on December 15th, property owners had a 28-day window to file a petition to terminate this SAD. She shared that as no such petition was received, the project is now positioned for official advancement. She outlined the upcoming technical and budgetary steps, noting that plans are approximately 95% complete and that to maximize cost-efficiency, the City intends to bid this work alongside the broader asphalt program; however, it will be itemized as a distinct "Part B." She noted that once bids are received, the Assessing Department will prepare the formal special assessment roll. She concluded by voicing that they anticipate to return to Council in February or March for final bid approval.
