To: planning@rochesterhills.org

To whom it may concern:

We reside at [1157 Cripple Creek Lane](#), on the parcel abutting the above referenced address on the west side.

After reviewing the above referenced application for a variance of the setback requirements, we have no objection to the requested encroachment of 5.2 feet for the purpose of building an attached garage to their residence. If anyone has any questions for us, please feel free to contact us at your convenience.

Regards,

Gary and Susan Knudsen
