The following items are being referred to you for your review and response.

2005-0437 Discussion of Bike Path Stop Signs

Special Instruction: Mr. Greg Formanczyk, resident of Rochester Hills, discussed a safety concern regarding the need for signage on City bike paths to alert pedestrians, cyclists and joggers to stop or yield before crossing intersections. This concern was discussed in 2004 at two (2) previous Public Safety Committee Meetings.

The Committee briefly discussed different methods of signage. It was the consensus of the Committee to refer this matter to the Leisure Activities Committee for review because bike paths are funded by a millage under Parks & Forestry.

If there are any questions concerning this notice, please direct them to the CITY CLERK.
