Subject: Resignation from Green Space Advisory Board (GSAB)

With my retirement from Chrysler this month I will leave the Rochester Hills area and, with real regret, find it necessary to resign from the GSAB. I expect to be in the area until late-January and would be pleased to participate on the Board until the City Council has named my replacement.

It has been a privilege and a pleasure working with you and our Board colleagues, and I wish you continued success in your efforts to preserve the Green Spaces in Rochester Hills Catherine and I have grown to love.

Sincerely,

Jack Robinson
