Dear Mr. Shumejko,

Included in the project to replace the Tienken Road Bridge over Stoney Creek is the construction of a new pedestrian crossing at Clear Creek Drive. This installation will include anchor base steel poles with span wire mounted pedestrian crossing signs. While there's no electrical service required at this type of installation due to the use of the non-illuminated signs, there's routine or incident driven maintenance work that may be required in the future.

Enclosed are three copies of the agreement for the Overhead Sign Maintenance on Tienken Road at Clear Creek Drive, East of Sheldon Road. Please have all the agreements signed by the appropriate official and return them to us for further processing. In addition, please provide a copy of a resolution approved by your City Council in support of this maintenance agreement. A fully executed copy of the agreement will be returned to you for your records.

If you have any question, please feel free to contact me at (248) 858-4830.

Sincerely,

Charles Keller, P.E.
